Testimonial for William J. Riley

To whom it might concern

We had a **Fantastic** night when we decided to book **William J. Riley International Hypnotist**, as our Christmas party entertainment.

It was with some scepticism that the night began as many of the team were non believers, and didn't consider the whole idea of hypnosis as being "**real**"

This all soon changed as we watched our team riding imaginary bicycles, behaving like naughty eight year olds, dancing like ballerinas and catching crocodiles to mention a few.

The team were enthralled as **William J. Riley** held the audience captive with the crazy antics from the hypnotised volunteers.

As a team we would recommend anyone looking for a night of laughs, fun, and silly antics, to employ the services of **William J. Riley.**

Thanks again **William** for a great night.

Sincerley
