

To whom it may concern,

William J Riley
Hypnotist Entertainer

We held our 2007 Christmas party with a bit of a twist, we decided to have entertainment in the form of a Hypnotist Show and after doing some research and getting quotes William J Riley seemed to be the best option.

I was unsure of what to expect from the show and how appropriate it would be for a company that deals with background checking and whose ethics are of the highest integrity but William J Riley provided us with an absolutely amazing show.

We have a company of different ages and cultures and I found his show to not only be hilarious but very appropriate for a corporate environment. The feedback I received from the staff was the show was excellent, funny and for those who participated they did not feel at all embarrassed or out of control. It was all smiles and giggles.

I would highly recommend William's performance to anyone thinking of having entertainment at their event. He certainly knows what he is doing.

We would like to thank William for an absolutely fantastic night of fun filled entertainment. All the staff had so much fun and thought the hypnosis was a real scream.

Regards,

Leisa Coppinger
