To Whom It May Concern,

William J Riley - Hypnotist

I write this reference for William Riley in response to his outstanding involvement in our 2006 Firm Christmas Party.

We held the function at a high quality restaurant and William entertained our team of 60 staff. The show was extremely entertaining and all concerned were impressed with the content and presentation. It was a thoroughly successful event and William's performance was the highlight.

Prior to the event we had a few members of the management team concerned about the appropriateness of a hypnotist at this event. However following William's outstanding performance all those concerned congratulated William on the quality and content of his performance and the HR team on using him.

If you have any enquiries, would like to discuss this reference further or obtain first hand feedback on the excellence and appropriateness of William's performance particularly for corporate events please don't hesitate to contact the undersigned.

Thankyou William!

Yours sincerely,
FORTUNITY
